

COMMISSION ASKED
TO JOIN SUIT

Six Counties To Fight "Arbitrary" Orders of State Tax Body

Lexington, Ky., May 30—An agreed suit to obtain a full interpretation of the law under which the State Tax Commission functions will be sought by special counsel retained by Fayette and six other counties to fight the "arbitrary" orders of the commission, it was announced yesterday by George C. Webb, one of the attorneys retained as special counsel. Mr. Webb stated that he and George R. Hurst, who will aid Fayette in the legal battle, had agreed to communicate with the State Tax Commission to ascertain whether an agreed suit shall be filed.

Mr. Webb said he hoped that such a suit would be acceptable to the members of the commission as a decision from the court of appeals could be obtained in much shorter time. Should the commission agree to the action, both Mr. Webb and Mr. Hurst will go to Frankfort for a conference with Attorney General Charles I. Dawson.

The suit would test every portion of the law under which the commission functions and would give a final opinion on all of its phases and eliminate possibility of any further difficulty between the counties and the commission.

The two attorneys were employed as special counsel to prosecute the suit against the tax commission for Fayette and the other counties at a meeting of the county attorneys and county judges held yesterday in County Judge Doak's office. In addition to Judge Doak and County Attorney Spence S. Carrick, those present were Judge Joseph B. Ward and County Attorney H. Church Ford, of Scott county, and Judge John D. Goodloe and County Attorney Joe P. Chennault, of Madison county. Representatives of Boyle, Shelby, Garrard and Lincoln counties were not present but it was learned that all of these counties had agreed to contribute to the cost of prosecuting the case.

Prior to the meeting, Judge Doak called the Fayette fiscal court for a special meeting to consider employment of special counsel. Saturday the fiscal court voted to withhold action on the employment of special counsel until County Attorney Carrick had given his opinion. Yesterday a motion to empower the county judge and county attorney to employ special counsel if they deemed it necessary was passed after Mr. Carrick expressed the opinion that it was legal.

SHOP WORKERS
SEEK CONFERENCE

(By Associated Press)

Chicago, May 30—A virtual ultimatum to the federal railroad labor board was presented by the federated shop crafts, representing 400,000 railway employees in a request today for a conference with the board. Thursday, when the federal body will be asked to take immediate jurisdiction of all cases which the railroads are alleged to be disobeying. The board orders that if the boards declines, strike ballots shall go out immediately to shopmen all over the country.

P. N. Jewell, head of the shop crafts, said that he would notify that authority would be granted for the men to vote on two questions, one on the alleged violation of the board's decision by letting out shop work, and the other the elimination of time and a half for overtime. Now with a further wage cut threatened, in the decision it is expected that Saturday the pending ballot will undoubtedly be converted into a trial strike threat, Jewell said.

"This is an ultimatum to the roads of the country," Jewell said.

D. W. KENNEDY HEADS
CITIZENS ARMY HERE

Plans Outlined For Extensive Work In Training Camps At Camp Knox This Fall

A definite plan of campaign has been mapped out and work begun for the assembling of a citizens' army at least 3,000 strong at Camp Knox, Kentucky from August 1st to September 1st for the Citizens' Military Training Camp. A great part of the enlisted organization now at Camp Knox will be moved to other points and the camp practically turned over to the members of the citizens' army.

Three courses—the Red, White and Blue—will be held simultaneously during the month of August. The Red course is intended for those who never have had military training or who desire to combine a practical field training with that received in a cadet corps or similar organization. The age limit is 17 to 25 years. The White course, the next higher, is intended for men whose military qualifications are equal to or greater than the Red course. The training given will be with a view to qualifying selected privates of the regular army, national guard and organized reserves for service as specialists and non-commissioned officers in the organized reserve. The age limit is 18 to 26 years, but graduates of the Red course will not be barred on account of age.

The Blue course is the highest of the three. It has as its object the training of non-commissioned officers and specialists of the regular army, national guard and organized reserve with a view to qualifying them for service as officers in the officers reserve corps. Civilians designated to attend the Blue course must have had military training equal to that obtained in the Red and White courses. The age limit is 19 to 27 years.

In the interest of an enrollment of 3,000 students for the three courses, Bureaus from which application blanks may be obtained have been established or representatives secured at many points in Kentucky and West Virginia, among them being:

Headquarters "200th", Infantry Brigade, fifth floor, Federal Bldg., Louisville, Ky.; Headquarters Organized Reserves, third floor, City Hall Building, Huntington, W. Va.; Justen K. Anderson, Coyle and Richardson Building, Charleston, W. Va.; Frank L. McVey, President University of Kentucky, Lexington, Ky.; Captain White L. Moss, Pineville, Ky.; Henry Taylor, Augusta, Ky.; P. L. Beau Brummel of Speed World
Grows Tired, Haggard and Worn

INDIANAPOLIS, IND.—Very few of the more than 100,000 people who will see the 500-mile dash for glory and gold at the Indianapolis Motor Speedway, Tuesday, May 30, will appreciate the suffering a driver undergoes in the course of 500-miles of grueling speed dueling with the crack pilots of a pair of continents.

Take Roscoe Saries, pictured above.

For instance, This Beau Brummel of the automobile racing profession never fails to attract attention as he saunters along the avenue clad in the choicest weaves and designs of tailormen, snappy caps, brilliant hued shirts and other accessories of a smartly dressed man. He is distinctive. Then look at him as he appeared after finishing second in the long grind last year. Tired, haggard and worn. He lost nine pounds and couldn't open his hands, after they had been glued to the steering wheel of his race car for almost six hours, until two days later. Saries suffered more than Milton, because victory takes part of the sting and suffering away, and Tommy was overjoyed when he beat the "Indiana Boy" across the tape.

BIG AUTO RACE ON
AT INDIANAPOLIS

(By Associated Press)

Indianapolis, May 30—With the roar from perfectly tuned motors, 27 drivers, the pick of three nations, shot away this forenoon in the start of the 500-mile automobile race at Indianapolis Speedway for prizes totaling \$85,000. A record breaking crowd of 135,000 saw the start.

At the end of the first 50 miles Jimmy Murphy led Leon Duray half a mile, Harry Hartz was third and Ralph DePalma fourth. Murphy was driving 95 miles an hour.

At 200 miles Hartz is in lead with Peter Paolo second, Haile third and Murphy fourth. Murphy was in the lead when he was forced to stop and change four tires and replenish his fuel supply. The racers are going 93 1-2 miles an hour.

MASSIVE MARBLE
FIGURE OF LINCOLN

(By Associated Press)

Washington, May 30—The nation's tribute to its glorious dead reached its climax today at the dedication of the memorial erected beside the Potomac to Abraham Lincoln by his grateful countrymen.

The memorial is a marble temple with heroic statue of Lincoln and is an expression of American gratitude worthy of the man whose memory it will perpetuate for Americans always.

President Harding, in person, accepted the work in the nation's name. Veterans of the Grand Army were there with other men in the gray uniform of the Southern Confederacy, while stretched away were thousands of persons who came to pay homage at Lincoln's feet.

Chief Justice Taft made the principal presentation speech, to which President Harding responded.

David C. Donah, 812 Court st., Morganfield, Ky.; A. L. Donah, Providence, Ky.; Lee Gainer, Grantsville, Ky.

In addition to their respective representatives at the different points in the two states the following officers are working in the interest of the school:

Major William E. Murray, O. M. C.; Major Charles T. Stuart, Infantry; Major Louis Pendleton, C. A. C.; Major John W. Watts, M. C.; Major Haig Shekerjian, Cavalry, and Lieutenant Colonel R. W. Walker, Cavalry.

GRAVES DECORATED
ON FOREIGN SOIL

(By Associated Press)

Indianapolis, Ind., May 30—While the home folks today are honoring the soldier dead who rest in the soil of their country, the American Legion overseas is visiting and decorating more than 32,000 graves of Americans who fell and are buried on foreign soil. Of these graves 31,400 are located in five cemeteries in France, 488 are in England, 140 in Scotland, 40 in Ireland and one in Spain.

Several thousands of dollars have been sent to the Legion's committee in Paris, of which Cabot Ward, an American attorney, is chairman, to be expended on flowers and flags for the decoration of A. E. F. graves. Local committees in England, Scotland and Ireland and several in France will visit the cemeteries and minister personally to each grave.

To raise this decoration fund, National Commander McNider, of the Legion, asked each Legionaire to contribute five cents and the response has been generous, the organization's headquarters here reports.

Many parents of American soldiers killed and buried overseas have requested decoration of the graves with particular kinds of flowers or with individual floral arrangements. Most of them have requested the Legion to supply them with photographs of the graves so decorated, and the request is being complied with. For the larger part, however, the overseas graves will be decorated alike, with the lightest officer and the newest private soldier being honored by an American flag and decorations consisting of flowers native to the country in which the grave is located.

Reports to Legion headquarters also show that Memorial Day will be generally observed, both in the North and South.

Decorate Graves of Yanks in France (By Associated Press)

Paris, France, May 30—Forty thousand American war dead buried in France were visited by groups of their comrades today in six permanent American war cemeteries.

To each of these representatives of the American Legion and representatives of the French people took flowers. At Suresnes, near Paris, Ambassador Herrick, Major General Harbord and Marshal Joffre took part in what was the principal ceremony of the day.

OLDHAM IN BIG
TRIAL IN LOUISVILLE

Col. Ronald C. Oldham, Richmond attorney, has been in Louisville several days representing J. W. Tracy, one of the men charged with robbing the home of John H. Caperton, near the Falls City, and with having burglar tools in his possession. A dispatch from Louisville said of it:

J. W. Tracy, alleged yegg, went to trial in criminal court on a charge of having burglar tools in his possession and is represented by Ronald C. Oldham, an attorney of Richmond, who filed an affidavit for a continuance. It was overruled by Judge A. T. Burgevin.

Mr. Oldham sought a short continuance because he had not had an opportunity to confer at length with his client, having been employed only a few days ago, but said he would not urge any delay if it met with the objection of the commonwealth. Tracy is already under a five-year sentence. The charge on which Tracy was placed on trial was preferred against him and Herbert McAllister and their wives shortly after their arrest December 21, last, when they were charged with the robbery of the home of Mrs. Anna McCoy Jones, 2707 Transit avenue. December 8, Tracy is to be tried for that robbery and his counsel said he would be ready unless some unforeseen circumstances arise.

The appearance of an attorney from Richmond to represent the alleged bandit was a surprise to those interested in the trials of the bandits with the exception of Joseph S. Lawton, commonwealth attorney, and his assistants, with whom Mr. Oldham has conferred since his employment, they said. The first act of new counsel was to file demurrer to the indictment charging Tracy and the other members of the alleged bandit gang with banding together to stage the robbery of John H. Caperton's country residence. It is the contention of Mr. Oldham that the indictment is faulty in that it does not contain at the bottom of the bill the names of the witnesses who appeared before the grand jury, and that by this elimination the accused was not put on notice of his accusers as provided by law. Tracy has been acquitted of complicity in one of the phases of the Caperton robbery, the actual breaking into the house and looting it of rare wines and liquors, and seven other charges are pending against him in connection with that offense.

Tracy was found guilty of having burglar tools in his possession by a jury today trying him in criminal court and his punishment was fixed at 10 years in the penitentiary, the limit under the law. This brings the total prison terms of the defendant to date to 15 years. There are other charges pending against him.

REED STRIKES OUT
SEVENTEEN MEN

Friends are keeping their eyes on Sam Reid, who signed with the Louisville Colonels, and are expecting big things from this promising young pitcher. Monday's Courier-Journal carried a very complimentary writeup of his wonderful performance Sunday, which is reprinted, as follows:

Reid Shows Up Well In Amateur Contest

Sam Reid, the youngster recently signed up by Business Manager William Neal of the Colonels, yesterday performed brilliantly in the game between the L. & N. team and the Schuler and Bauer team. Howard Cannitz, whom Neal has asked to watch the boy's workout, was favorably impressed. Reid struck out 17 men and allowed only one hit.

Reid has been farmed out to the Spartanburg club of the South Atlantic League.

The Pulaski fiscal court has refused to pay auto and other expenses of the sheriff in making moonshine raids in that county.

BIG WHISKY CASE
HERE WEDNESDAY

Isaac Miller, Louis Kay, and W. J. Wilson, of Lexington, and John G. McAtee, of Harrodsburg, are scheduled to go on trial here Wednesday at a special term of federal court on charges of conspiracy to violate the national prohibition act through alleged removal of faulty permits of approximately \$170,000 worth of whisky from various distilleries in 1920 and 1921.

The case was called for trial at the last term of federal court here but the swearing of the jury was set aside by Judge A. M. J. Cochran after several witnesses had been examined and the case for a special term of court when defendants' counsel appealed for time to prepare a defense for certain evidence introduced by the government.

The testimony, which the defense claimed was new and unexpected matter not covered on the government's bill of particulars, was given by A. L. Durkin, confidential secretary of the Pennsylvania state prohibition director. Durkin testified that one of the permits on which the defendants had removed whisky from a distillery was stolen from the Pennsylvania director's office. The trial was halted before any effort was made to show how the permit came into the possession of the Kentucky men. The permits were secured as evidence by prohibition authorities from the distilleries from which the various shipments of whisky were removed two years ago.

It is expected that the trials will last two or three days.

CHAUTAUQUA OPENS
HERE JULY 5

The Redpath Chautauqua, which is to be held on the campus again this year, under the auspices of the American Legion, will begin its program on Wednesday, July 5. At a recent meeting of the American Legion, F. C. Gentry was placed in charge of the Chautauqua management with authority to appoint the different committees. Spears Turley, of the State Bank and Trust Co., and Luther Powell, of the Southern National Bank, have been appointed to manage the sale of general admission tickets. Ray W. Harmon, bookkeeper at the Normal school, will have charge of the student tickets. Boyd Sandlin will be in charge of the refreshment stand on the campus, and Julian Blake will have charge of the traffic. Tickets this year will be sold for \$2.75 for adults and \$1.50 for children; war tax free.

Full announcement of the program will be given at an early date. Tickets will not be placed on sale before the middle of next month.

The Redpath Chautauqua is a great asset to any community and the boys of Jesse M. Dykes Post of the American Legion are to be congratulated upon their efforts to give the people of our community an opportunity to hear another big Chautauqua program. By rallying to the support of the boys this year this Chautauqua will be assured in the future.

BAND CONCERT
THURSDAY NIGHT

Beginning Thursday evening June 1st, the American Legion Band will give a concert in the band stand in the court house yard and continue each Thursday evening during the summer. The concert will begin at 7:30. This is a rare treat which all music lovers will take advantage of and large crowds are expected to attend each concert.

Local Boys Back Home
For Summer Vacation

Their friends are glad to know that both made splendid records and rapid advancement in their respective lines of study.

NORMAL BOY GOES
OUT HEAD FIRST

Escapes From Car Window As Greenup Officer Was Taking Him To Face Charges

Sheriff Elmer Deatherage's office has just been notified that Luther Roe, former Normal student, who was wanted in Greenup county to answer charges of desertion of his family preferred by his wife, escaped from the sheriff of Greenup county who came here for him, under sensational circumstances while en route to Greenup. According to the word received here, Roe went out head first through a window on the train while the Greenup officer's back was turned. He landed safely, it seems, and made a clean getaway.

The charge against Roe, local officers say, was something in connection with a \$4,000 judgment against him, and his bond was \$2,000. The warrant against him was sworn out by his wife, Sheriff Callihan, of Greenup, came here and brought handcuffs with him, but Roe begged so hard not to have the cuffs put on him that the officer did not do so. Roe said he would go back, face the charges and be cleared and would return to school here, the officers say.

Deputy Sheriff Richard O. Mohr co-operated with the Greenup sheriff, and saw him off on the train with Roe. He was surprised to receive the following letter from the Greenup sheriff a day or so ago:

Mr. R. O. Moberly,

Richmond, Ky.

Dear Sir:—

Am ashamed to write you of my bad luck with the prisoner last night. He jumped from the window—train moving—this side of Hitehens, last night about 12:30. He went out head first. I never saw anything done so quick in my life. I turned my back, just for a moment.

I doubt very much whether he comes back there or not, but there is a possible chance he might. So if you will please keep a lookout for him and if you get a chance pick him up and let me know and I will try to over. If you can get him, do so and I will pay all charges. Next time I sure will not be so easy with him. It's awful hard for me to be cruel with a man, but if we're lucky enough to get him again, I sure will put it to him. I was awfully surprised in him, but it has been a lesson to me and I sure will never trust another. I thank you very much for what you have already done, and if you'll keep a watch there for him I sure will appreciate it.

Best wishes,

S. V. CALLIHAN, S. G. C.

MATHILDE DIDN'T
SAIL, AFTER ALL

(By Associated Press)

Chicago, May 30—Miss Mathilde McCormick returned unexpectedly here today instead of sailing to Switzerland as previously announced, to wed Max Oser, riding master. She refused to make any statement about plans for her marriage or otherwise. She was met at the station by her father. "I have been bothered to death," said the girl. "I have nothing to say."

King Held Without Bond

Irvine, Ky., May 30—Jack King, former chief of police of Ravenna, was held to the grand jury without bond at his examination trial here Monday for the murder of James Sexton, chief of police of Ravenna, Saturday. King was taken to Richmond for safekeeping by Deputy Sheriffs Wolfendarger and Baker. Forty witnesses testified at the trial, which was conducted by County Judge Sproll. The court room was crowded throughout the hearing. The Ravenna city council tonight elected Charles Lount, of Beattyville, chief of police to succeed Sexton. Lount has served with the Beattyville police force.

Lightning Singes Back For Mercer County Man

(Harrodsburg Herald)
Mr. Willard VanArsdall was
shocked by lightning Tuesday af-
ternoon while sitting on the plat-
form in front of his store at Van

Arsdall station. Several other
men were also there but none of
the others were shocked. It was
rather an odd occurrence. The
lightning seemed to strike sev-
eral miles away, but at the same
instance Mr. VanArsdall felt a
burning and tingling sensation in
his back. He went to his home
nearly and on examination found
the lightning had made a red
mark where it had scorched the
skin, but he was not seriously in-
jured. He made an investiga-
tion of the store and has come to
the conclusion that the lightning
ran into the building on the tele-
phone wires to the box, which
was fastened on the interior on
the opposite side of the wall from
where he sat, and from thence
was conducted to him by the
nails which held the box and
which penetrated to wall to the
outside just back of his chair.

Mercer Man Finds Ancient Land Terrapin

Mr. Roscoe Broce, who lives
near Cummin's Ferry, on Kentuck-
y river, brought a land terrapin
to the Herald office Saturday,
which, if evidence is true, must
be more than 107 years old. On
the shell underneath was carved
R. E. 1715, and B. D. 1715. The
carving was almost obliterated
the long time the terrapin has
lived about. Evidently two
persons had monogrammed it at
the same time. Mr. Broce said
he would put his initials and date
on the shell and turn the little
creature loose in the same field
where he found it when he was
planting corn. — Harrodsburg

STOMACH WORMS IN MOST SHEEP

Lexington, Ky., May 29.—
Practically every flock of sheep
in Kentucky is infested with
stomach worms, according to L.
J. Horlacher in charge of sheep
work at the College of Agricul-
ture. However, by using proper
preventive measures farmers can
keep the infestation from becom-
ing very serious and send
their lambs to market in prime
condition, he pointed out.

"On the Kentucky Agricultural
Experiment Station farm we
have found that rotation of pas-
tures is one of the best means of
prevention. Whenever possible,
ewes and lambs are changed to
fresh pastures every two weeks
from the first of June until the
lambs are marketed. It has been
found that if the pastures are
kept in good condition, the in-
festation will not be as serious
as it is if the grass is kept cropped
short.

"Rape, oats, clover and vetch
all make excellent crops for al-
ternating with permanent blue-
grass pastures. Lambs which
are kept free from the worms by
these preventive measures will
be ready for market much earlier
than those which are troubled
with them."

"If the sheep become infested
with worms they must be drench-
ed, copper sulphate, commonly
known as bluestone, being best
for this. One-fourth of a pound
of the pulverized material is dis-
solved in a pint of boiling water
and enough water added to make
three gallons. This is sufficient
to drench 100 adult animals, each
one being given three and one-
half ounces or seven level table-
spoonsful. Lambs receive half
this amount. It is necessary to
keep the sheep off feed for 12
hours before drenching and care
also must be taken not to strain
them while the drench is be-
ing given. Details of controlling
stomach worms may be obtained
by writing the Experiment Sta-
tion."

BIGGEST YEAR IN DEMAND FOR BIBLE

(By Associated Press)
New York, May 30.—The big-
gest year of Bible circulation
since the high levels of the war
period, is reported by the Amer-
ican Bible Society in the annual
report just issued. This report
says:

"The total number of volumes
circulated during the year was
4,855,454, which is more than a
million in excess of the distribu-
tion of the preceding year. The
largest increase is shown in Chi-
na where 2,363,750 were circu-
lated. From Japan, the Near
East and all of Latin America,
there has come an increased de-
mand so great that the Society
has been unable to meet it.

"The revised Spanish New
Testament has been completed
and will be ready for distribution
during the coming year. Transla-
tion work has gone forward
also in Luragoli for missions in
British East Africa; in Quechua
for the Bolivian Indians; in Zulu
for the black people of South

P. MS. INSPECTING RURAL ROUTES

(By Associated Press)
Louisville, Ky., May 25.—Act-
ing under instructions from the
Post Office Department, post-
masters throughout the country
recently have made an inspection
of the rural routes, the work in
this county having been done by
William F. Wobbe, assistant su-
perintendent of mails. Mr. Wob-
be, who has charge of the rural
routes in Jefferson county, said
that this county was conforming
to the postal regulations on lo-
cation of boxes and that so far
as he has been able to ascertain
the patrons were being served
promptly and satisfactorily.

The purpose of the inspection,
according to Mr. Wobbe, was
that the postmasters might as-
certain by personal observation
and make report whether the
roads used were in good condi-
tion for travel, the routes well
arranged, the boxes properly
erected so as to be easily reach-
ed by the carriers without ob-
structing the highways and in
the carriers were serving their
routes as officially prescribed.
The work also was investigated
from the side of the patrons and
questions were asked as to the
service and suggestions for im-
provement were sought.

It is the desire of the depart-
ment and its purpose to provide
adequate and convenient ser-
vice," said Mr. Wobbe. "This
service to all patrons residing on
the rural routes can not be ob-
tained without the full coopera-
tion of the patrons in the effort
of postmasters and carriers to
serve them promptly, regularly
and satisfactorily."

Patrons can be of great assist-
ance, according to Mr. Wobbe,
by providing themselves with
stamps instead of placing un-
stamped letters and money in the
rural boxes. This delays the car-
riers and many times imposes an
unnecessary hardship on him, in
the opinion of Mr. Wobbe.

Centennial Celebration of Christ Church Cathedral

(By Associated Press)
Louisville, Ky., May 30.—On
May 31 the one hundredth anni-
versary of Christ Church Cathed-
ral of Louisville will have been
reached. Preparations for the
centennial of the church have
been in the makings for more
than a year and beginning Sun-
day, May 28, a week's celebration
program has been arranged.

Prominent figures in the Epis-
copal church in the United States
will be attracted by the centen-
nial celebration. The Rt. Rev.
Daniel S. Tuttle, D. D., presiding
Bishop of the church, whose
home is in Missouri; the Rt. Rev.

5,000 VETERANS AT RICHMOND REUNION

Richmond, Va., May 29.—(Special)—
Richmond is completing preparations
to entertain the 22d annual convention
of the United Confederate Veterans,
on June 19, 20, 21 and 22. Fully 5,000
of the surviving 45,000 Confederates
are expected to be within the city's
hospitable gates. Most of them will
be accompanied by one or more mem-
bers of their families, and, in addition,
there will be present members of the
Sons of Confederate Veterans, Daugh-
ters of the Confederacy, the Confed-
erated Southern Memorial Association,
sponsors and maids and matrons of
honor.

Comfortable Quarters.
Because of their age, the veterans
this year will sleep in comfortable
quarters. Thousands of them will
stop at hotels and with relatives and
friends, while others will be accom-
modated at reasonable cost, from \$1.25
to \$2 per day for lodging and break-
fast, in private homes. Applications
for quarters and inquiries concerning
them should be addressed to Major
B. B. Morgan, chairman of the Com-
mittee on Information and Quarters,
Postoffice Box No. 685, Richmond.
Dinner and supper, with the compli-
ments of the City of Richmond and
the Commonwealth of Virginia, will
be supplied Confederate veterans who
desire them on June 20, 21 and 22.

Reduced Railroad Fares.
The Southern Railway, the Chesapeake
and Ohio Railway and, in fact,
practically all the transportation sys-
tems in the South have agreed to give
the veterans, accompanying members
of their families, and members of
auxiliary organizations the benefit of
reduced fares to this city and return.
These rates have been fixed as fol-
lows:

Veterans and accompanying mem-
bers of their families, 1 cent a mile
for each mile traveled.

Members of the Sons of Confed-
erate Veterans, Daughters of the Con-
federacy, the Confederated Southern
Memorial Association, other auxiliary
organizations, sponsors and maids and
matrons of honor, one-way fare for
the round trip.

Identification Certificates.
Tickets will be placed on sale
through the South in ample time for
visitors to reach Richmond on or be-
fore June 19. As customary and in
order to eliminate trouble in procur-
ing tickets at the reduced rates of
fare, identification certificates have
been prepared and are being distrib-
uted to all veterans and members of
Confederate and affiliated bodies. In-
dividuals who are unable to procure
them through usual channels should
apply at once to Adjutant-in-Chief
Carl Hinton, Sons of Confederate Vet-
erans, Hotel Richmond, Richmond.

REDUCED FARES FOR CONFEDERATE MEET

Richmond, Va., May 30.—All
members of the United Confed-
erate Veterans, Sons of Confed-
erate Veterans, United Daughters
of the Confederacy, the Confed-
erate Southern Memorial Associa-
tion, sponsors and maids and
matrons of honor who come to
Richmond for the Confederate
Reunion June 19-22, will have the
privilege of traveling at reduced
rates of fare. General Joe Lane
Stern, chairman of the Reunion
Committee, has completed nego-
tiations with Southern transpor-
tation systems whereby the vet-
erans and accompanying mem-
bers of their families may travel
at the rate of one cent a mile.
Members of affiliated organiza-
tions will be given the benefit of
the round trip to Richmond and
return at the rate of one-way fare.

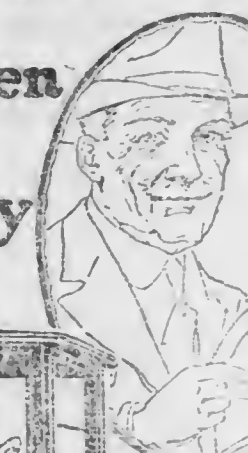

The city is making prepara-
tions to entertain not less than
5,000 of the surviving 45,000 Con-
federate soldiers, although this
number of visitors will be increas-
ed several times by the presence
of Sons and Daughters of the
Confederacy, other affiliated or-
ganizations and sponsors.

The opening date for the actual
reunion of the veterans is June
20, although the Sons and mem-
bers of the Confederate Southern
Memorial Association will start
their program one day earlier.
All of the organizations will close
their meetings simultaneously, or
on June 22.

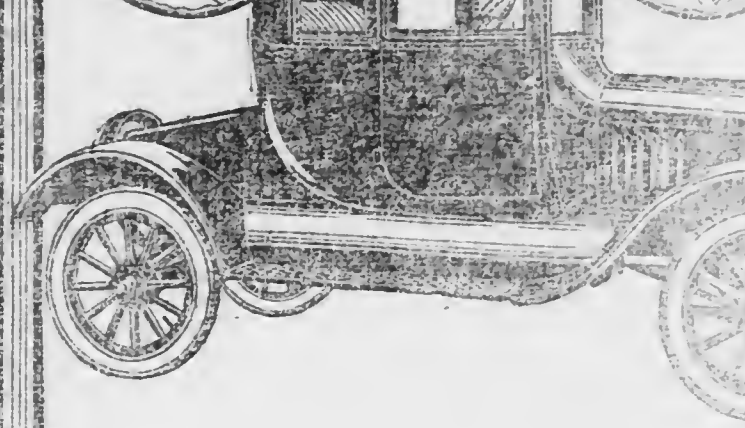

Preparations have been com-
pleted to take care of the veter-
ans in fine style. Many will stop
at the hotels, others will be the
guests of relatives and friends,
but the majority of them will be
comfortably accommodated in
private homes, and at reasonable
rates. The cost of lodging and
breakfast in private homes will
range from \$1.25 to \$2. Dinner
and supper, with the compliments
of the City of Richmond and Com-
monwealth of Virginia, will be
supplied Confederate Veterans on
June 20, 21 and 22. Information
about accommodations may be
held by addressing Major B. B.
Morgan, P. O. Box 685, Rich-

Quit Laxatives, Purges; Try NR

(NR Tonight—Tomorrow Feel Right)

It is a mistake to continually dose yourself with so-called laxative pills, cathartics and force bowel action. It weakens the bowels and liver and makes constant dosing necessary. Why don't you begin right today to overcome your constipation and get your system in such shape that daily purging will be unnecessary? You can do so if you get a 25c box of Nature's Remedy (NR Tablets) and take one each night for a week or so. NR Tablets do much more than merely cause pleasant easy bowel action. This medicine acts upon the digestive as well as eliminative organs—promotes good digestion, causes the body to get the nourishment from all the food you eat, gives you a good, hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and bowel action and gives the whole body a thorough cleaning out. This medicine every day. An occasional NR tablet will keep your body in condition and you can always feel your best. Try Nature's Remedy (NR Tablets) and prove this. It is the best bowel medicine that you can use and costs only 25c per box, containing enough to last twenty-five days. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

PREPARE TO FIGHT FOREST FIRES

(By Associated Press)

Calumet, Mich., May 30—The Upper Peninsula is making its annual preparations to combat forest fires.

Having in mind the disastrous conflagration of other years, leaders in the conservation crusade have year by year obtained additions to the appliances used in discovering and fighting forest blazes and this season will be in a better position than ever to cope with this element.

Perhaps the most notable step taken this year is the procuring of two new fire towers, one to be placed on an elevation north of the Delaware location in Keweenaw county, and the other at Donken in Elm river township. The towers, 65 feet in height and of the four standard type, have arrived and will be erected at once. All other towers in the peninsula have been of the three standard type.

Each tower is to be equipped with the most modern appliances, including telephones, high power field glasses and other necessary articles. Men in these towers, by means of the glasses, will be able to see for miles and discover the little wisps of smoke that reveal small fires, which if unchecked would become roaring furnaces and sweep vast tracts of valuable timber. Fire wardens patrolling the forests will keep in close touch with the towers by telephone.

Another precaution that will be taken is the keeping of considerable force of men within easy call of the tower. Men in charge of the stations will live close by, in order that they may devote their entire time to the task. Assistants will be selected from farming communities nearby in order that a force of men close at hand will be available when needed.

Prevention of forest fires is a function of the state conservation department at Lansing and rapid strides have been taken in this direction in recent years. Hundreds of thousands of dollars worth of valuable timber and many lives have been lost during fires in the north country and the problem of preventing them has come to be one in which every person in the district is vitally interested.

About Rheumatism

People are learning that it is only a waste of time and money to take internally for chronic and muscular rheumatism and about ninety-nine out of a hundred cases are one or the other of these varieties. All that is really necessary to afford relief is to apply Chamberlain's Liniment freely. Try it. It costs but 35 cents per bottle. Large size 60 cents.

Refrigerators

Right now is the time to get your Refrigerator. Start the season right with real economy in saving your food. Our Leonard Refrigerators are the most economical in the use of ice. They are made of hard wood, triple lined and will remain cold on a small quantity of ice. We have many different sizes.

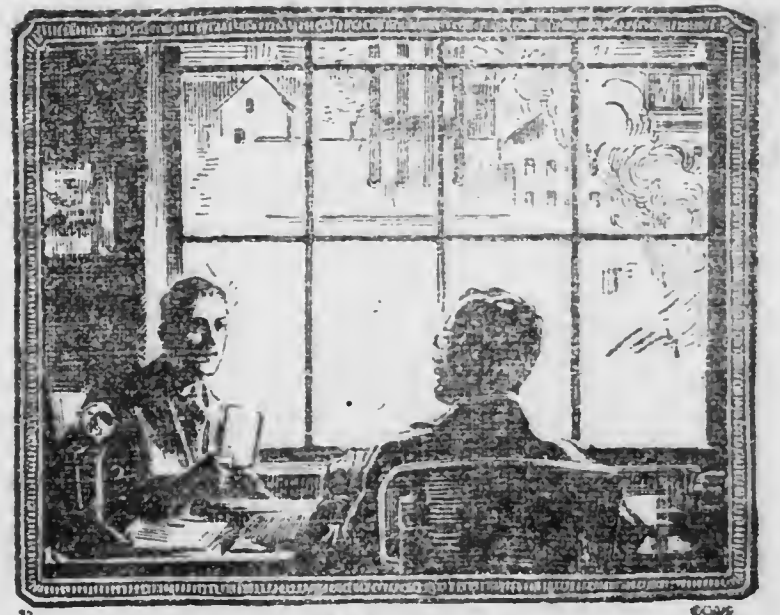

Remember its real saving to use a Leonard.

MISS WARD TAKES PARIS MANAGEMENT

Miss Annabell Ward, the popular director of the Phoenix Amusement Company, Kentucky's largest theatrical enterprise, who manages the theatres here in Richmond most successfully, has taken over the management of the Paris theatres, also. The new management will go into effect June 5th. Miss Ward is one of the liveliest wires in town. She is forever going after the business and, "tis said, she usually brings in the grapes, as she is always on the job, putting new ideas into the old trade. When anyone asks Miss Ward what she attributes her success to, she simply replies: "Hard work—and Paramount pictures." Miss Ward will continue to make her headquarters here in Richmond as heretofore. She is sending her capable sister, Miss Aeteline Ward, to Paris permanently as her representative. The Paris Citizen said of the change of management there: "Announcement has been made of a change in the management of the Paris Grand Opera House and the Alamo theatre in Paris, effective at an early date. The new manager will be Miss Anna Bell Ward, of Richmond, well known in Paris, having been a former resident of this city. Miss Ward, who is also in charge of a theatre in Richmond, will look after the management of the two houses belonging to the Phoenix Amusement Company in Paris and also the Richmond theatre. She is an unusually pretty and attractive young woman, thoroughly capable of the new undertaking she is to assume in Paris, and her coming to Paris will be good news to a large circle of admiring friends in this locality."

FARM YOUNGSTERS TO CONTEST FOR HONORS

(By Associated Press)

Lexington, Ky., May 30—At least 17 different counties of the state will be represented in the state demonstration team contest to be staged as one of the main attractions during Junior Week, to be held here June 14 to 19 for farm boys and girls of the state, according to Miss Anita Brown, assistant state leader of junior agricultural work at the College of Agriculture.

Two counties, McCreary and Campbell, will have teams of boys competing for the state championship, Miss Burnham said, and these two are the first counties to have teams of boys training for the event. They will demonstrate poultry judging.

Counties which are expected to be entered in the contest include Ballard, Campbell, Harrison, Harlan, Daviess, Simpson, Laurel, Oldham, Garrard, Grave, Logan, McCreary, Boyle, Mercer, Muhlenberg, Henderson and Whitley. County teams will be composed of three members with an alternate trained to take the place of any of the three.

To qualify for the state contest each county will be required to hold a county elimination contest in order that as many farm boys and girls as possible may be trained in demonstrating the various processes. Each county has been encouraged to hold community contests previous to the county contests. In line with this plan, McCreary county has 16 teams practicing at the present time, Miss Burnham said. County home demonstration agents and local leaders in the various counties are coaching the teams.

Among the processes to be demonstrated by the juniors when they meet here will be the removal of stains, hat making, bread making, dyeing, biscuit making, poultry culling, bed making, table service, candy making and clothing making. Simpson county, winner of the 1921 contest, is planning to enter a team to demonstrate methods of making clothes.

A total of \$300 in cash prizes, offered by the Stewart Dry Goods Company, Louisville, will be distributed among the first ten teams, the prizes for the individual teams ranging from \$54 for the first one to \$9 for the tenth one. In addition the winning team will be awarded a silver loving cup which will become the permanent property of the county winning it two successive years.

ANOTHER DOOR CUT TO MAMMOTH CAVE

Underground rivalry for exhibiting America's greatest hole in the ground is a future possibility, says a Glasgow special.

Monday, after a year of secret preparation, Morrison Cave really an we entrance giving access to 50 miles of Mammoth Cave, was opened to the public.

For more than a year workmen of the Morrison Development Company have been drilling three miles from the cave. They were seeking an onyx vein everyone understood.

But the drilling ceased; workmen carried away their tools. It was with surprise the country-side learned that tourists, and not onyx, was the treasure sought. The "mine" had suddenly become fifty miles long.

Promoters of the new cave project claim to hold leases on a lengthy portion of the cavern, including Cathedral Dome, which it is alleged, is not owned by the Mammoth Cave survey.

The new entrance is 300 yards from the Cave City Mammoth Cave road. The company plans a half million dollar hotel and other conveniences. The underground holdings have already been provided with electric lights and many walkways.

CLOVER MILDEW

NOT HARMFUL

(By Associated Press)

Lexington, Ky., May 30—As far as can be determined, mildew appearing on red clover in all sections of the state this spring is not harmful to stock, W. D. Valleau, plant pathologist of the Kentucky Agricultural Experiment Station, announced here. The statement was made in response to scores of inquiries that have been received during the past few days from farmers in practically every section of the state.

The mildew first appeared in noticeable quantities on red clover in Kentucky and other states last August Mr. Valleau said, and during the winter was found in practically all fields in the state, that were inspected. It gives a white powdery appearance to the upper surface of the leaves, this being caused by the production of spores. Slight damage is done to the clover plants in comparison to the amount of mildew present, he added.

Although the mildew has been present in many fields since last August, no reports of injury to stock have been received, although stock may refuse to eat it, Mr. Valleau said. No control has been worked out for the new trouble, it was added.

HEARD ABOUT TOWN

Mrs. Keen Johnson, wife of one of the editors of the Anderson News, was awarded the prize of five dollars in gold by the Lawrenceburg Chamber of Commerce for the best slogan for that city. Her suggestion was, "Come in, but don't knock."

Ex-Senator J. Will Clay, of Montgomery county, is rapidly sinking and his death is expected at any moment. His wife, son, Caldwell Clay, and family; brother, M. C. Clay; sister, Miss Lucy Clay, are with him at a hospital in Lexington.

The Hon Packing Company is being organized at Mt. Sterling with \$50,000 capital and will give stock raisers there a market for

their beef right at home.

Marilynn Miller, musical comedy star, shortly will become the wife of Jack Pickford. Friends of Miss Miller said it was "all arranged."

Rural route carriers hold their annual convention at Lawrenceburg Tuesday.

Mrs. Carlisle Myers and children are guests of Mrs. Henry Cosby. Mrs. Myers was before her marriage the pretty and attractive Miss Anne Bennett Cohen, and is always given a most cordial welcome in Richmond.

John Nantz, prominent citizen of Clay county, is dead. His wife and six children survive.

W. L. Graddy, of Versailles, are asked to be present.

who has been buying wool for Clark & Thomason, of Bourbon county, shipped a carload of wool from Duckers last week and will ship two loads from Versailles this week, says the Sun. The wool clip is heavy and the best and cleanest in years. The majority of sheep breeders in that county engaged their wool at \$2 to \$3 cents, but a good deal has been sold since the advance at \$8 and 40 cents.
